Estate Planning for Your Future

Presented by the Greene County Council on Aging

Planning for our future is more complicated than ever. This four-week course provides an opportunity to start or continue your planning. No matter your age or level of financial resources, this course will jump-start your plan.

We cannot plan for every "what if," but we can educate ourselves and make important decisions that will give us some peace of mind and answer some of the questions we may have.

If you will be retiring soon, GCCOA will present the next Medicare 101 session on Wednesday October 9 from 2:30 to 4:00pm. This program is free but space is limited. Contact the Council for information or reservations.
