Jewelry Art

Use old jewelry to create something lovely. If you will join us for the Creativity Expo, may we suggest you go through your costume jewelry or check out garage sales for items you can use in the jewelry art project. We will have

plenty of jewelry to work with, but having a few of your own pieces will make your creation special.

Autumn Candle Holder

Create a mason jar candle holder featuring the beautiful, colorful leaves of autumn. We will have supplies to make either of these styles.
